COOPERATIVE DRIVER TESTING PROGRAM (CDTP)

Montana's 53rd 1993 Legislative Assembly amended HB 2 to read as follows:

“The Department (Justice) shall prepare a plan by July 1, 1994, in consultation with the Superintendent of Public Instruction, to have driver license examinations of students conducted, under the supervision and direction of the Department (Justice), by local school district staff of traffic education programs administered by the Superintendent of Public Instruction.”

This plan is to be presented to the legislative audit committee.

Montana's 54th 1995 Legislative Assembly passed HB248 which officially creates the Cooperative Driver Testing Program (CDTP). MCA 61-5-110 was amended to authorize certified cooperative driver testing program staff to administer the Department of Justice's knowledge and road tests. Only state-approved high school traffic education programs offered by, or in cooperation with, a school district that employs an approved instructor who has current endorsement from the Superintendent of Public Instruction, as a teacher of traffic education, and who agrees to comply with regulations of the Department of Justice and the Office of Public Instruction can be certified.

REASONS TO CERTIFY THE DOJ DRIVER LICENSE TEST

High School Traffic Education Students represent 32% of the original license tests administered annually by the Montana Department of Justice (DOJ). Approximately 49,102 original licenses are issued annually by DOJ.

Several states now offer some form of certification of driver exams using traffic education teachers.

Positive reasons for this approach:

- **Reward youthful, educated drivers.**
- **Improves service** to the public because less time is spent administering driver examinations at the driver services facility. **(Saves money!)**
- **Provides an incentive** for students to take traffic education more seriously.
- **Offers a more standardized approach** to high school traffic education assessment rules.
- Makes **traffic education a more critical component** of Montana's educational system.
- Leads to more consistent traffic education **outcomes**.
- Provides the opportunity to **raise the level of testing** during the driving exam.
- **May increase demand** for high school traffic education. (Presently, 87% of eligible students take traffic education.)

Drawbacks:

- **More responsibility** placed on the schools.
- **Additional school time and expenses** may be needed to administer driver exams.
- Teachers may fear the **implied accountability and associated liability** when they, in essence, certify a young person to have their drive test waived.
- The **check and balance** system of the schools and licensing agency **may be compromised**.
- **Community and parent pressure** may be placed upon the traffic education teacher to **pass students**.
- **Sends signal** that the **main purpose** of traffic education is **to get a driver license**.

Prior to Illinois joining the Waiver Movement, the Secretary of State studied the driving examination histories and subsequent driving records of traffic education graduates.

Four conclusions were reached:

1. Graduates of high school traffic education programs exhibit great success in passing the driver exam.
2. The driver exam prevents only a small percentage of graduates from obtaining their driver license.
3. The vast majority of high school traffic education graduates are generally not multiple offenders.
4. Driver tests are not designed to screen the most common traffic violations committed by high school traffic education graduates.

Illinois' conclusion was:

The best judge of a driver's ability is the authority figure who spends the most time observing them:
THE TRAFFIC EDUCATION INSTRUCTOR.

SAMPLE LETTER TO SCHOOL SUPERINTENDENT

Superintendent
Helena Public Schools
P.O. Box 5417
Helena, MT 59601

Dear Superintendent:

I am pleased to invite your school district to participate in the Department of Justice/Office of Public Instruction Cooperative Driver Testing Program (CDTP). This program is designed to establish a partnership between school districts and the Motor Vehicle Division of the Department of Justice.

HIGHLIGHTS OF THE PROGRAM INCLUDE:

- Traffic Education Instructors can certify to have portions of the Montana Driver License test waived if students pass the CDTP knowledge and driving tests included in their driving course.
- Participation is open only to those offering Office of Public Instruction-approved courses.
- Students are more motivated to participate in high school traffic education.
- Successful completion of the CDTP will expedite the licensing process, resulting in less school and work time lost by students and their parents. Parental (responsible adult) consent will still be necessary for students to receive their Montana driver license.

The Cooperative Driver Testing Program promises benefits to all. I encourage your school district to participate and look forward to working with you.

If you have any questions, please do not hesitate to contact Kristine Thatcher, Driver License Bureau Chief at 444-1778; the Driver License Bureau Program Supervisor at 444-1779; Fran Penner-Ray, Driver Education Director, Office of Public Instruction at 444-4432; or myself at 444-0295.

Sincerely,

Brenda Nordlund, Administrator
Motor Vehicle Division
Department of Justice

ABOUT THE PROGRAM

Montana's Cooperative Driver Testing Program (CDTP) is designed to enhance high school traffic education as well as to improve the Department of Justice (DOJ)/Office of Public Instruction (OPI) service to the public. Students participating in high school traffic education courses approved by the OPI/DOJ may qualify to have their licensing test waived if they meet CDTP uniform course standards.

Program Requirements

1. The CDTP is available only to schools offering state-approved high school traffic education courses through the DOJ/OPI. Participation is voluntary.
2. Instructors must have current approval as a Teacher of Traffic Education issued by OPI.
3. Instructors will administer the CDTP knowledge and road tests as part of the course.
4. The DOJ will monitor the program by conducting random checks of students who have been certified to have their driving test waived. These spot checks may require the student to demonstrate his or her ability to pass the road test.

Student Benefits

1. Students who score at least 82% on the DOJ knowledge test will not be retested at the exam station.
2. Students who score at least 7 on the DOJ road test and are judged competent by the traffic education instructor will be certified to have their test waived. However, a percentage of all students will be retested at the exam station.
3. If students qualify to have one or both of their licensing tests certified to be waived, the instructor will notify the DOJ and the students will simply go to a driver licensing station, fill out the proper paperwork, pass the DOJ vision test, pay the appropriate fee(s) and have their photos taken.

Those who have only one of the tests certified would have to take the other one when applying for their license.

PROGRAM PROCEDURES

Students Eligible to Participate

Students enrolled in the high school traffic education class may qualify to receive CDTP credit for the Department of Justice (DOJ) knowledge and/or road tests required for a Class D TELL or a Class D license. The students must be currently enrolled in an Office of Public Instruction (OPI) approved course in order to participate. To receive credit for the knowledge test, students must have completed a number of required components of your course. To receive credit for the road test, they must complete the entire course.

Student Outcome

If a student passes the knowledge test before the class is completed (either with CDTP instructor or at an MVD exam station), passes the driving skills test, meets the minimum age requirement, and successfully completes the entire course, the corresponding DOJ test will be certified.

Students must also follow and fulfill the Graduated Driver Licensing (GDL) requirements before obtaining the driver license.

Students not qualifying under the DOJ test standards will need to retest at a driver exam station.

Because knowledge and road tests are just two of the factors that must be considered when we issue a license, it is important for everyone to understand that students may pass both the DOJ knowledge and road tests yet still not be a safe, responsible driver.

The tests indicated below by asterisks (*) are the DOJ tests a teacher can certify. In addition to meeting technical eligibility requirements such as establishing proof of identity and obtaining written consent from parents, the minimum requirements for a Class D permit and license are as follows:

- **Class D TELL**
Minimum age is 14½
Vision
Knowledge*
- **Class D Instruction Permit (Learner License)**
Minimum age is 15 upon course completion
Vision
Knowledge*
- **Class D Restricted Driver License (Restriction is one year from date of issuance or when reaches age 18)**
Minimum age is 15 upon course completion
Vision
Knowledge*
Driving*
Has completed GDL requirements
Parent certifies GDL requirement completion

- GDL requirements are:
 1. Minimum six months permit holding period. The counting of the six months begins when the TEP is issued.
 2. During this six months, the student must complete 50 hours of **supervised driving (at least 10 hours must be at night)** by a licensed parent/guardian for those holding a TELL permit.

If the student is 15 or turns 15 and is successfully participating in or has successfully completed the CDTP course, they may transfer their TELL to an Instruction Permit (Learner license) at an exam station and then complete the 50-hour requirement with a licensed driver age 18 or older approved by their parent/guardian.
 3. No traffic or alcohol/drug citations.

The TELL or Instruction Permit (if upgraded) is **valid for one year** from the date the student passes the knowledge test.

***Note: If the student does not successfully pass the knowledge test while the CDTP course is being taught, all aspects of the test must be taken over and the permit holding phase requirement also starts over.**

CDTP Testing Requirements

As part of the regular high school traffic education course, teachers administer a variety of knowledge and road tests. The grades issued for course completion may be based upon a combination of such tests, as well as attendance, participation, etc.

For the purpose of the CDTP, only two tests are considered:

1. The DOJ Knowledge Test (may be given orally by CDTP instructor only)

To pass the DOJ knowledge test, students must answer 82% of the questions correctly. This test must be administered at the appropriate times, in a supervised setting (no take-home test), and records must be maintained in a secure location.

Instruction Permit

Instructors certified by the DOJ under the CDTP can directly issue a Traffic Education Learner License (TELL) to students who are at least 14½ years of age, have passed the DOJ/MVD knowledge test, and are successfully participating in an OPI/DOJ-approved high school traffic education course.

The TELL allows the student to practice driving only when accompanied by an approved instructor or licensed parent or guardian riding in the front seat of the vehicle next to the student. The TELL is valid for one year from the date the test is passed.

**No student should be permitted to drive
unless they have successfully passed
the required visual screening.**

2. The DOJ Road Test

The DOJ road test must include the normal basic control skills used in everyday driving: left and right turn; handling traffic and a variety of roadway conditions; applying appropriate visual and perceptual skills; general attitude and driving behavior. The road test should be conducted in moderate to heavy traffic conditions and include basic driving maneuvers that will provide for an adequate assessment of the student's visual/perceptual, defensive, and manipulative driving skills.

If, in your judgment, the student demonstrates safe driving competence with respect to both skills and judgment, you may PASS the student and certify that the DOJ road test be waived.

If you feel the student needs further testing before being licensed, you should not certify the driving test. The student will then be examined by a DOJ examiner.

Certification Requirements

As documentation that a student has passed the CDTP knowledge and/or road tests, you must complete certain sections of the OPI Student List (Form TE04) and sign the Certification sections A and B of Form TE03. The following sections must be completed:

- (a) The student's full legal name as it appears on his or her birth certificate
- (b) Date of birth with month-day-year
- (c) Date course started
- (d) If applicable, date TEP issued
- (e) Date course completed
- (f) Successful course completion status
- (g) If applicable, certification of the knowledge test
- (h) If applicable, certification of the road test

Record Requirements

All CDTP student test scores must be maintained for a minimum of five years. This requirement is satisfied by keeping on file the school's copy of the OPI Student List form as well as their regular class rolls/grade books.

Auditing of the CDTP

In order to maintain program integrity, from time to time a student who has been certified as waived from having to take the road test will be randomly selected for DOJ testing. This means that driver license examiners, upon a predetermined schedule, may administer road tests to compare results with the schools. Except under the most extreme conditions, if a student has been certified as waived the DOJ will honor the school's waiver. The audit comparisons will be used to monitor the program as a whole and not to single out any individual student or instructor. However, if a pattern of discrepancies becomes apparent, the DOJ/OPI will work with school personnel to resolve any problems.

The DOJ and/or OPI may conduct periodic visits to randomly-selected classrooms in order to ensure minimum standards are maintained. The intent of the visit is to monitor, assess, and strengthen the CDTP effort as a whole.

INSTRUCTOR REVIEW PROCEDURES

1. When a local driver license examiner observes or learns of an incident of noncompliance by a CDTP-qualified traffic education instructor, the Examiner shall communicate with the Instructor to identify areas of noncompliance and offer information and assistance to correct the incident.
2. When an Instructor does not follow the required procedures and policies of the CDTP and does not respond to the assistance of the Examiner provided as required in 1 above, the Examiner shall document the incident and report the same to the Chief of the Driver License Bureau (DLB) of the Department of Justice, Motor Vehicle Division in Helena.
3. The DLB Chief or the Chief's designee shall review the incident reported by the Examiner. If the Chief or Chief's designee believes that the incident warrants further investigation, the Chief or designee shall direct the regional driver license examiner (Regional Manager) for the geographic area in which the CDTP is located to conduct further investigation and review the documentation of the Examiner and the paperwork submitted by the Instructor (applications, TE04, etc.).
4. The Regional Manager shall report his/her findings to the DLB Chief. The DLB Chief, in consultation with the OPI driver education director, shall determine an appropriate course of action. If it is felt a meeting with the Instructor is warranted, the DLB Chief shall request the Regional Manager schedule a meeting with the Instructor to review items in question and issues that need to be addressed. If it is felt the Examiner has acted in error, the DLB Chief shall request the Regional Manager provide additional assistance to the Examiner.
5. If two or more incidents concerning one Instructor are reported and an investigation establishes they are valid, the DLB Chief shall notify the Instructor that he/she must attend the next available CDTP training class.
6. If the Instructor fails to comply or to respond with favorable improvement, upon consultation with the OPI driver education director the DLB Chief shall revoke the Instructor's CDTP approval status. The Instructor may contest the revocation recommendation by filing a written objection to the action and request for hearing with the Administrator of the Motor Vehicle Division within 30 days of the date of the notice of revocation. The Administrator shall appoint a hearing examiner to preside over a contested case hearing regarding the revocation recommendation and following the hearing, submit a proposed decision to the Administrator, who shall make the final determination in accordance with the requirements of the Montana Administrative Procedure Act.

ITEMS THAT CONSTITUTE NONCOMPLIANCE (including, but not limited to):

1. The Instructor does not appropriately guard the Department of Justice, Driver License Knowledge Test (DLKT) against theft, copying, or cheating due to one or more of the following:
 - The Instructor does not store the DLKT in a secure location and manner
 - The Instructor does not administer the DLKT in a supervised setting
 - The Instructor does not administer the DLKT using appropriate security techniques
2. The Instructor does not complete the Notice of Participation on the OPI Certification (TE03—must be signed) and the Student List (TE04) and/or does not indicate with an “X” in the appropriate column those students who were successful and are to be waived from the requirement to take the DLKT at the driver exam station.
3. The Instructor does not forward the Notice of Participation on the Certification and Student List and all driver license applications to the appropriate driver exam station *within three days*.
4. The Instructor does not issue all students an appropriate permit:
 - Traffic Education Permit (TEP) – if the DLKT is not taken or successfully completed
 - Traffic Education Learner License permit (TELL) – if the DLKT is successfully completedor
5. The Instructor does not complete the Notice of Completion on the TE03 Certification and TE04 Student List and/or does not submit them to the appropriate driver exam station, along with the driving test documentation (form 21-1800) if the student is waived from the road test.
6. Driver exam office audit of students, to whom the Instructor gave driving test waivers, indicate repeated driving violations and errors.
7. Driver license applications submitted by the CDTP Instructor are incomplete or completed with errors.
8. Students report they are not receiving the hours of driving time required by law, and/or some of the driving performance training is not provided (e.g., the instructor did not teach parallel parking, or how to complete a legal left hand turn in various types of intersections).

- When finished, give the test and the answer sheet to the Instructor

Grading the Knowledge Test

- Use RED ink to mark INCORRECT answers
- Using the test overlay, mark any answer that is not correct
- Do not mark the question if it is answered correctly
- Students are allowed to miss six questions and pass. Each question is worth three points (82% required to pass).

ISSUING THE TRAFFIC EDUCATION LEARNER LICENSE (TELL) PERMIT

Issue a TELL (MVD form 26-0301) when the student is successful on the knowledge test and the other requirements. TELL permits can be printed by CDTP-certified instructors from the OPI's Traffic Education Data & Reporting System (TEDRS).

**This permit is valid for one year from
the date the knowledge test is successfully passed.**

Note: A student will only be considered as participating in the CDTP while the course is being given. Once the TE03 Notice of Completion form and TE04 Student List reaches the driver exam station, any students unsuccessful on the knowledge test or incomplete students will be treated as students not participating. They will be required to present identification and proof of residency documents, pay the licensing fee, and follow standard procedures including the six-month permit holding period.

If the student loses the TELL, they must go to a driver exam station to obtain a replacement. They must present identification and a \$10.00 replacement fee may apply.

DISTRIBUTION OF PAPER WORK AFTER THE KNOWLEDGE TEST IS GIVEN

Deliver to the driver exam station within three working days:

1. The TE03 Notice of Participation and TE04 Student List

The TE04 Student List must provide student's name, date of birth and an "X" in the proper column for each student you certify as passing the knowledge test.

2. **All** driver license applications, successful and unsuccessful

CONFIRM the driver license application has all sections properly filled out with required signatures, etc.

Note: Driver examiners have access to the OPI's Traffic Education Data & Reporting System (TEDRS) allowing them to view and print submitted student lists (the TE03 and TE04 are combined).

ADMINISTERING AND SCORING THE ROAD TEST

To administer the road test, certain procedures must be followed. They are:

- Instructing the applicant
- Giving traffic directions
- Using the test form
- Scoring Standards for each maneuver

NOTE: If the driver does not obey traffic laws or causes an accident during the test, they are automatically disqualified. No matter what point you're at, stop testing.

INSTRUCTING THE APPLICANT

Before beginning the road test, read these instructions to the driver. Repeat any part as necessary.

"During the road test, I will give you directions as we go along. I will always give directions for turns and so on as far in advance as possible."

"There will be no trick directions to get you to do something illegal or unsafe."

"As we go along, I will be making various marks on the test form. When you see this, it does not necessarily mean you have done anything wrong. Keep your concentration on your driving and remain focused at all times."

GIVING TRAFFIC DIRECTIONS

When the driver is ready, get into the vehicle with the driver and begin giving directions for following the road test route.

Give directions clearly, well in advance of the maneuver, but not so early that it could cause confusion (e.g., telling them to turn at the next intersection when there is another intersection you would go through before the one you want them to use).

Ex: "At the first intersection, turn right."

Ex: "At the stop sign, turn left."

Directions can be combined"

Ex: "Immediately after you complete your right turn, you will have to turn left into that road over there."

Avoid using commercial signs or buildings as landmarks for directions (the applicant may not be familiar with the area).

Traffic signs may be used to give directions. Ex: "Turn right at the next stop sign."

Check the traffic and the driver's attention before giving directions.

Giving directions at standard locations is best, but you may have to give them earlier or later if the driver is busy attending to traffic.

USING THE TEST FORM

There are four sections to scoring the road test:

1. Turns
2. Traffic Driving
3. Skill Test
4. General Driving Behavior

21-1800 (1/12)

The following pages describe the way to mark this form when scoring each item.

SCORING THE TEST

- Use DOJ form 21-1800 to score the final drive. Submit 21-1800 with the TE03 Notice of Completion and TE04 only on students you want to certify for waiver.
- Do not mark an item if it is performed correctly.
- Mark UNSATISFACTORY maneuvers with a slash (/) in the box to the right of the corresponding function.
- Score an item at the predetermined location.

1 TURNS

The first row of boxes is for the first turn, second row for the second turn, etc.

Turns are scored by four steps: SIGNAL, SPEED, LANE, and WHEELS STRAIGHT. SCORING STANDARDS explains acceptable maneuvers.

2 TRAFFIC DRIVING

There will be adequate intersections on your route for each item in this section to be scored. An intersection with traffic lights can be scored as one with a stop sign, and vice-versa. Through or stop intersections can be scored in whatever order they occur.

3 SKILL TEST

The driver will park in a space to his right. Have the applicant drive past the parking space and back into it.

Instructions: Point out the parking space to the applicant, and say:

"Drive by the parking space and back into it. Try to get your vehicle completely into the space. When you are parked, let me know."

See the SCORING STANDARDS for an explanation of acceptable maneuvers.

4 GENERAL DRIVING BEHAVIOR

This section will cover driving behavior done at other than the predetermined locations on the route. If the driver makes an error that doesn't fit in this section, ignore it.

COMPUTING THE APPLICANT'S SCORE

- Go over the form and check that everything is marked clearly and correctly.
- Carefully add up the number of marked boxes and write the total in the DRIVING TEST SCORE area.
- A score of 8 or under passes; 9 or more fails. Circle the appropriate one.
- Enter your initials in the Examiner section.
- MAKE SURE APPLICANT'S NAME IS PRINTED ON THE FORM.
- MAKE SURE YOU, THE INSTRUCTOR, SIGN THE FORM.

SCORING STANDARDS

DISTRIBUTION OF PAPERWORK

DELIVER TO DRIVER EXAM STATION:

1. The TE03 Notice of Completion and TE04 Student List forms
2. The 21-1800 driving test forms for successful students you want certified for waiver. This form is sent in only if the student is waived from the road test.
3. A completed copy of form TE03 and TE04 showing proper verification signature, listing student's name, date of birth, course completed date, and indication that the DOJ driving test is certified as waived. (The TE04 Student List is not valid unless accompanied by a signed TE03. Driver examiners cannot accept the TE04 without the TE03.)

KEEPING RECORDS

Maintain records of knowledge test scores for five years, keeping on file a copy of the CERTIFICATION (TE03) and STUDENT LIST FORM (TE04) as well as the regular class role/grade books.

Note: Advise students who were not successful on the road test when you will have the paper work (TE03 and TE04) at the driver exam station and when they may retest.

QUICK REFERENCE GUIDE TO CDTP PROCEDURES

- Schools are invited by DOJ/OPI to participate in CDTP
 - OPI-approved Traffic Education Instructor successfully completes CDTP Certification Training offered by DOJ/OPI
 - School Administrator/board signs an Intent to Participate
 - Instructor signs an Affidavit and receives DOJ/OPI Certification Card

 - Instructor forwards the Notice of Participation on the Certification form and Student List and all driver license applications to the appropriate driver exam station

- Instructor issues all students an appropriate license or permit:
 - TELL (if DLKT is successfully completed). Remember students must be at least 14½ years old to be issued a TELL.

- Instructor conducts traffic education course and all other knowledge and road tests
- Instructor administers DOJ road test to all students
- Instructor completes the Notice of Completion on the TE03 Certification and TE04 Student List and forwards to the appropriate driver exam station, along with the 21-1800 driving test form. A copy of both forms must be submitted to the OPI for reimbursement to the school. A copy should be kept in the school records. The road test results are kept for at least five years. If these forms are completed via the OPI's Traffic Education Data & Reporting System (TEDRS), they **do not** need to be mailed to the OPI.
- Students are then eligible, if 15 years of age or older, to pursue obtaining a Montana driver license (or they can be issued a learner license).
- Student goes to the local driver exam station
 - Student brings certified birth certificate and or valid passport
 - Student provides social security number
 - Student provides proof of residency
 - Student takes the DOJ vision test
 - Students who had the road test certified to be waived may still be chosen at random to take the DOJ road test
 - Students who did not have any test certified to be waived must take the related DOJ tests
 - Student pays the driver license fee
 - Student's license is processed with restriction "First year restricted GDL" and student is given temporary license

For more information on the OPI's Traffic Education Data & Reporting System (TEDRS), contact the Traffic Education Program at (406) 444-4432 or visit <http://www.opi.mt.us/Programs/Drivered>.
